Maintenance Request Submission - New Comment

Hello Shawn Martin,
A new comment was left on a 'Maintenance Request' submission:

By: **Beth Haines**

Please see the attached photos that I just took of the water that is pooling at my foundation outside and the water that has once again seeped into my office. All that I am asking for is someone to resolve the foundation issue outside so I don't have water coming into my house when it rains. I believe the lack of gutters to divert the water away from the house is compounding the problem.

I know that Larry and Dorin were informed of this issue on July 15th, but to date, neither has contacted me.
