Shawn:

I did meet with a representative from Gould Roofing regarding the issue of work done to your properties without the required permits. There was an understanding that they will be coming in to apply for the required permits as outlined in the meeting. Recently, I did talk to Joel and Wilbur to get a status check on the required permit applications. As to date, Gould Roofing has still not applied for the permits.

Also, Gould Roofing is currently on hold from pulling permits in the City of Plantation . We are also working on issuing citations for work done without permits on these properties.

Please let me know if I may be of further assistance in this regard.

Thank you,

Adam Attah, AIA, NCARB
